SUMMARY

Sr. PHP (LAMP, LARAVEL) Developer, with more than 3+ years of experience in web development and I can do anything that is in PHP, Laravel, HTML, CSS, 1+ years in Shopify and WordPress, 3+ years of experience in database language such as MySQL, and other tools such as git, github.

SKILLS

- Proficient in PHP (LAMP stack) with extensive experience in Laravel framework.
- Expertise in web development spanning over 3+ years, with a keen ability to handle diverse PHP-related tasks and challenges.
- Advanced proficiency in front-end technologies including HTML, CSS, JavaScript(Basic) and Bootstrap, ensuring seamless integration and captivating user experiences.
- Skilled in Shopify and WordPress platforms, with over 1+ years of hands-on experience in customization and development.
- Strong command of database languages, particularly MySQL, acquired through 3+ years of practical application in various projects.
- Proficient in version control systems such as Git and GitHub, facilitating efficient collaboration and code management.

PROJECTS

E-Commerce Platform Development: Spearheaded the development of robust e-commerce platforms using Laravel, integrating advanced features for seamless user experience and increased sales.

HTML | CSS | JavaScript Projects: Developed interactive web applications utilizing HTML, CSS, and JavaScript, focusing on responsive design and user interface enhancements. These projects showcased my ability to create dynamic and engaging web experiences.

WordPress Customization: Designed and implemented custom WordPress themes tailored to clients' needs, ensuring aesthetic appeal and functionality across various devices.

Shopify Store Optimization: Optimized Shopify stores to enhance visibility and conversion rates, employing strategies for improved performance and user engagement.

EDUCATION

I am currently pursuing my Intermediate studies in Computer Science, where I am gaining a solid theoretical foundation in various aspects of computing. Concurrently, I am dedicating my free time to independent learning in web development, honing my skills and exploring new technologies to expand my expertise in this dynamic field.
